

FOX Fresh Mesh®

The Fox Fresh Mesh® family of bags are an industry leading fruit and vegetable packaging solution that began over 15 years ago.

This one dimensional mesh design eliminates the skin damaging indentions that many woven mesh products cause, ensuring the beauty of your products is only enhanced by the use of our bag designs.

In addition, Fox Fresh Mesh® bags extend shelf-life by letting the product breathe better because moisture and air can easily pass throughout the bag. It can even be misted or iced with no negative impact on the material.

Works Great For

Lemons/Limes

Onions

Peppers

Potatoes

Sweet Potatoes

Features

Weight Range

1 lb.-15 lbs.
