The DG-series took its name from the distinct Double opening of the weigh head and *Gulerod*; the Danish word for carrot.

XBDG weigh head detail (front)

With a roomy 200mm wide weigh head, and double opening, XBDG is the preferred carrot weigher model when **large portions** are involved.

- Carrots $\leq 250\text{mm}$ long; $\leq 50\text{mm}$ \varnothing

XBDDG weigh head detail

Specially engineered to cope with carrots up to **300mm long** and large portions. The deep weigh head was designed, so that long carrots naturally fall in it rather than jump over it.

- Carrots $\leq 300\text{mm}$ long; $\leq 50\text{mm}$ \varnothing

12-weigh head weighers max. portions/min

Model	2012DG				2012XBDG				2012XBDDG			
	0,5kg	1kg	2kg	5kg	1kg	2kg	5kg	10kg	1kg	2kg	5kg	10kg
